SAVY FIRE DEPARTMENTS EVERYWHERE ARE TURNING TO FLEXIBLE, LOW INTEREST, TAX-EXEMPT LEASES FOR NEW EQUIPMENT AND FACILITIES...SHOULDN’T YOU?

PROVEN

Today’s fire department administrators face a diverse array of budgetary and operating challenges. As budgets and resources are reduced at the local level, funding the immediate and long term needs of your community becomes more difficult.

The need for financing to purchase new equipment and facilities is growing.

Tax-exempt lease financing is the most successful method used to purchase fire trucks and stations while improving the management of cash flow. The tax-exempt feature of lease-purchase financing is proven to be beneficial to fire departments across the country.

THE TAX-EXEMPT LEASE PROVIDES FOR THE ACQUISITION AND USE OF EQUIPMENT AND PROPERTY WHILE PRESERVING YOUR CASH FOR UNEXPECTED NEEDS.

EASY TO DO

A tax-exempt lease or lease-purchase agreement is an installment purchase. It provides for the acquisition as well as use of property. In most cases, the lessee’s obligation terminates if the lessee fails to appropriate funds to make lease payments. Generally, the lease is not considered a debt obligation. Most fire departments qualify for tax-exempt financing which carries a significantly lower interest rate.
